Opening: 1 December, 6 - 9pm

OUTPOST is proud to present its annual Members' Show, *OBJECTNESS*, selected by Peles Empire and featuring works by Desmond Brett, Luc Fuller, Michael Horsley, Vera Kox, Joanne Masding, Yuri Pattison, Neil Rumming and Henna Vainio.

The selected works each speak of the idea of 'the object' and are exhibited on a floor-paper created by Peles Empire. The pasted monochrome image of the selector's own London exhibition space will cover the entire floor at OUTPOST, depicting a bare concrete floor alongside the oriental rugs and table legs of a room in Peles Castle, Romania, part of the permanent wallpaper that hangs in the space.

Peles Empire is a collaborative work by Katharina Stoeber and Barbara Wolff. Recent solo shows include *JETCEM*, The Schtip, Sheffield (2013); *F X G*, Glasgow Sculpture Studios (2013); *re-construct*, Frischzelle 18, Stuttgarter Kunstmuseum (2013); *FORMATION*, Cell Project Space, London (2013); *RE:PELES*, Mews Project space, London (2012); *CARMEN SYLVA*, Peles Empire at Sierra Metro, Edinburgh (2011). Peles Empire currently run a space in London,
